BATTLE IS RAGING AROUND TIE PASS

Russian Troops Unable to Get Away From Japanese.

RUSSIAN POSITION IS CRITICAL

General Kuropatkin Is So Hard Pressed that He Is Burning Supplies to Keep Them From Falling In Hands of Japanese—Oyama Pressing Fight.

Tokio, March 16.—Noon—The Japanese occupied Tie Pass at midnight March 15.—Details of the occupation of Tie Pass have not been received at Imperial army headquarters. An official bulletin reports the action and that the Japanese are in hot pursuit of the retreating Russians, but it does not mention any particulars about the fight.

Correspondents Are Safe.

Paris, March 17.—Ludovic Nadeau, the French newspaper correspondent who was reported from Santoupou yesterday to have been killed by Chinese at Mukden after the Russian retreat at the same time that Mr. Little, the correspondent of the Chicago Daily News, was erroneously asserted to have lost his life has cabled to his paper, the Journal, that he was made a prisoned at Mukden by the Japanese and that he will be sent to Japan where he hopes to regain his liberty.

Russians Abandon Advanced Position

Santoupou, 8 Miles North of Tie Pass, Manchuria, Wednesday, March 15.—(Evening)—The Russians have abandoned their advanced positions on the Fan river where the cesperate attack of the Japanese yesterday (March 14) was repulsed and have fallen back upon the defenses of Tie Pass. Previous to the retirement the supplies of wood, etc., collected there were set on fire.

A desperate and bloody battle is now waging north of Tie Pass.

News At St. Petersburg.

St. Petersburg, March 17.—The news from the front is again very serious. Field Marshal Oyama is striking another blow at the defeated Russian army. In spite of the exhaustion of his forces after the twelve days' struggle for Mukden he has been able to organize a fresh turning movement in the hope of completing the victory won under the walls of Mukden. Tuesday's attack on the Russian advance line at the Fan river, it is now evident, was only a feint while the Japanese columns were being worked around to get in position to fall upon the Russian rear, and yesterday the blow was struck, a dispatch to the Associated Press from Santoupou bringing to St. Petersburg the first news that a battle was in progress north of Tie Pass, that Kuropatkin was taken by surprise is a fair inference from the manner in which Tuesday night he abandoned the Fan river positions leaving so hurriedly that he again was obliged to burn his stores to prevent them from falling into the hands of the Japanese. No clew is given as to whether the Japanese came down from the mountians east or struck in from the west of the Liao river. The pass is practically the gate where the mountains and Liao river meet, and it commands the whole country northward. With the Japanese in behind the Russian army at Tie Pass General Kuropatkin's position is extremely critical.

News at Washington.

Washington, March 17.—The Japanese legation has received a dispatch from the foreign office at Tokio which says:

"Our advance troops pressing the enemy everywhere occupied Tie Pass at 12:20 a. m. Thursday."

Another dispatch to the legation says:

"Our detachment occupied Sing King on the 13th."

War to the Bitter End.

Berlin, March 17.—The German government has been informed that the Russian emperor has again put aside all peace suggestions and is unshaken in his resolution to continue the war. All the higher officers of the Far Eastern army recently joined in a petition to Emperor Nicholas not to consider peace, asking that they be given other opportunities to show the quality of Russian valor and representing that although they have retreated they and the army still have the will to fight.

REAR END COLLISION ON "L."

Two Passengers Badly Injured While Others Were Slightly Hurt.

New York, March 17.—Two passengers were injured badly and a dozen others slightly injured while hundreds were thrown into a panic of fear by a rear-end collision between two South bound Sixth avenue elevated trains at Fifty-seventh street and Columbus avenue during the forenoon rush hour today.

A train, which had just stopped at the station, was run into by another that had been following it closely.

Glass in the cars which came in contact was smashed and scattered over the tightly packed passengers and the platform of the rear car of the first train and the motor car of the second were splintered.

The most severely hurt were William McCluskey, who received a badly lacerated wound on his head, and Edward C. Fronk, who suffered a fracture of his knee.

Passengers say that the collision was due to the attempts of the motormen of the rear train to discover how near he would bring his train to the one ahead of him without hitting it.

MILLIONAIRE FOUND DEAD.

Mysterious Death of Wealthy Bostonian in a New York Hotel.

New York, March 17.—Henry B. Reed, a prominent sugar refiner of Boston, Mass., wealthly and highly respected, a director in half a dozen corporations, and senior member of the firm of Nash, Spalding & Co., Broad street commission merchants, has been found dead in his room at the Grand Union hotel under circumstances that pointed at first to his possible murder then to his suicide and last to death from natural causes.

There is even yet somewhat of a mystery in the case, and the police were looking for a woman who accompanied him to the hotel and was registered as "Mrs. Reed." She was not Mrs. Reed. She disappeared from the hotel, whether after his death or before, it is not known.

The woman was observed as she entered the hotel last Sunday night. She was slight of build, fair in feature about 25 years of age and was attired in dark clothing and hat.

NEW CURE FOR RHEUMATISM.

A Helpless Cripple Uses His Limbs Under a Hypnotic Spell.

Chicago, March 17.—Hypnotism as a cure for rheumatism has been brought to the attention of University of Chicago medical professors by the discoveries and demonstrations of Otto W. Greenberg, a young medical student, who claims to be able to cure the most chronic case of the ailment by hypnotic power.

Young Greenberg's theory was given a trial in a "physiology" class conducted by Prof. Anton J. Carlson. A helpless cripple from the Home for Incurables was brought to the class room on a stretcher and thrown into the hypnotic state by Greenberg. When under the mental influence of the operator the man was told he was to have the use of his limbs. When he was released he was able to move his lower limbs, a feat which he had not accomplished for a long time before.

Distributing Seed Corn.

Lincoln, Neb., March 17.—The Union Pacific railroad today started a seed corn special over its system in Nebraska. The train will spend three days on the main line and branches in the state and seed corn will be delivered at all principal towns by professors of the State University, several of whom are accompanying the train under the direction of Professor T. L. Lyon, of the agricultural department of the university. The special is complimentary to the farmers of the state.

THE SENATE WILL NOT RATIFY TREATY

Senator Teller Inquires Into San Dominican Affairs.

APPOINTMENTS ARE CONFIRMED

Consideration of Senator Teller's Resolution Will Take Place Friday Senators Who Have Been Absent Are Now in Their Seats.

Washington, March 17.—Despite the fact that it is recognized that there are not enough votes for the ratification of the Santo Domingo treaty there was a general return today of Republican members who have been absent. Senators Lodge and Kittridge who have been away for a few days were in their seats today, and Senator Dolliver is within reach if a vote should be called for.

After the reading of the journal today Mr. Teller asked if there were objections to consideration of his resolution of inquiry concerning Santo Domingo affairs. Mr. Cullom, who had arisen to move an executive session said that an opportunity would be given tomorrow for the consideration of the resolution.

"I know that," said Mr. Teller, "but if we are called to vote on the treaty this week we would have to act without the information."

"Well, I do not believe the information we would get its worth much any way," said Mr. Cullom.

Mr. Teller said he did not want the resolution to lose its place, and it was agreed that he might call it up tomorrow.

The senate then, at 12:08, went into executive session.

The senate today in executive session confirmed the following nominations:

Secretaries of legations—Roger Sherman Gates, Boutelle, Ill., at The Hague; Paul Grand deHauteville, of Rhode Island, at Berne.

Secretaries of embassies—John W. Garrett, of Maryland, at St. Petersburg; George Barclay Rives, of New Jersey, at Vienna.

Also a number of promotions and appointments in the navy and revenue cutter service.

Dying of Ghost Fright.

Ogdensburg, N. Y., March 17.—A ghost prank played near the village of Arnprior, Ont., as a party of young people were going home from a dance has frightened two women into nervous prostration. Suddenly confronted in the road by the form of a man of giant proportions, wildly crying and moaning, all of the party fled in terror. Several of the women fainted. The "ghost" disappeared, but no one dared go home, and a neighboring farmer took them in for the night. Miss Lapointe and Miss Savoir became seriously ill. Miss Lapointe was sent to a hospital in Ottawa, where there is but little hope of her recovery.

Frazier Named as Senator.

Nashville, Tenn., March 17.—Governor James B. Frazier has been nominated for United States senator by the Democratic caucus of the state legislature. The vote was by acclamation, no other name being presented to the caucus. When that body convened it was supposed the contest was to be a three-cornered one, friends of former Governors Benton McMillin and Robert L. Taylor, having been actively at work in their interests. A test vote came, however, in an effort to adjourn the caucus until Monday next. The motion was defeated—60 to 64—and it was apparent that the Frazier forces were in the ascendancy.

Locomotive Blown Up.

Schenectady, N. Y., March 17.—By an explosion on an engine on the New York Central railroad near here the engineer, Elmer E. Allen, of Albany was killed. The engine was examined at this city, but no cause for the explosion can be assigned. The boiler was full and there was not apparent defects in the fire box or boiler. It is thought an explosive was placed with the coal.

MILL OWNER KILLS MAN.

Trouble Arose Over Trying to Get Operatives to Leave Cotton Mill.

Charlotte, N. C., March 17.—Ear Carpenter, a well-known cotton mill owner shot and instantly killed A. M Kate, superintendent of the Mims Manufacturing company.

The tragedy occurred on the premises of the Harden Manufacturing company, about 20 miles from this city. Kale went to the house of one of the operatives, it is said, for the purpose of inducing him and his family to move to his mill. Carpenter learned of the object of Kale's visit and confronted him with the charge. A fight ensued in which both drew pistols, Kale shot Carpenter in the breast, inflicting a dangerous, if not fatal, wound, and Carpenter, in turn, fired at Kale, the bullet striking him squarely in the forehead, passing directly through the brain, causing instant death.

Carpenter this evening was said to be in a very precarious condition. He is a son of O. D. Carpenter, one of the best known mill owners in the south.

FOUND AFTER 50 YEARS.

Man Disappeared Half a Century Ago Is Living in Australia.

New York, March 17.—After a search of 12 years, James Travis, of Flushing, L. I., has been located in Australia. He ran away from home fifty-three years ago in a whaling vessel and had long ago been given up for dead by his brothers and others of the family.

Twelve years ago a wealthy relative of the family died and willed James $90,000. Advertisements for the missing man were inserted in newspapers all over the world. The state department also made attempts to find him. Travis finally saw an advertisement in an Australian newspaper and wrote to his family. He had been married was the father of 11 children, he wrote and had prospered financially.

The legacy he will now receive has almost doubled in value.

INSURGENT LEADER SLAIN.

Bulgarian Chief and Men Surprised by Gendarmes.

New York, March 17.—Apostol, Bulgarian leader, chief organizer of the long-standing insurrection in the Salonica district, has been killed in the course of a fight with gendarmes, according to a Herald dispatch from Salonica.

In company with 38 of his followers he was surprised by a strong force of gendarmes at a small village near Guesgurli, a place two hours' distant from Salonica.

A fierce fight followed, lasting three hours. At the end of that time only five of the Bulgarians were left alive and they were captured. One gendarme was killed and 11 were wounded. The Bulgarians had been transporting ammunition to one of their strong holds in the mountains.

ACTRESS TO FACE JURY AGAIN.

Nan Paterson Will Again Be Tried for Murder in April.

New York, March 17.—Nan Patterson will be put on trial once more to answer a charge of murdering Caesar Young, the wealthy bookmaker.

This decision has been reached and it was announced at the district attorney's office that the second trial of the case would begin April 10. One jury which was selected to try her on the charge of murder, was discharged after the case was completed because of the severe illness of one of its members. Another jury which heard the case was unable to agree.

Numerous attempts to secure her release on bail since the last trial have failed.

Many Will Visit Europe.

New York, March 17.—An unprecedented rush is reported by steamship line officials here for booking passages by Americans wishing to cross the Atlantic this summer. From eight to fifteen sailings are, they say already full, there are long waiting lists for favorite dates and the second cabin accomodations of some new steamers could be sold at first cabin rates if the first class dining room would hold the travelers at the sitting.

ADAMS MAY HOLD OFFICE BY FORCE

Democrat Is Urged Not to Surrender If Decided Against.

REPUBLICANS MAKE BARGAIN

If Ex-Governor Peabody Is Seated by Joint Convention He Will Resign Immediately and Let Lieutenant Governor Assume Office.

Denver, Colo., March 17.—Three men may occupy the chair of the chief executive office of the state of Colorado within a single day if the joint executive convention ratifies the bargain said to have been agreed upon by leaders of the contending factions in the Republican party. Lacking the necessary votes to oust Governor Alva Adams and secure for himself the remainder of the biennial term which began Jan. 10, the office for which he is contesting, James H. Peabody has agreed to resign immediately after being seated as governor and permit Lieutenant Governor McDonald, who is also a Republican, to succeed to the governorship. It is said that five of the twenty-two Republican members of the general assembly who have agreed not to vote for Peabody have consented to this compromise. Their votes in addition to the 44 which Peabody already had will give him a majority of one on joint ballot and when the success of this scheme is assured it is likely that some other anti-Peabody Republicans will fall in line with the majority of their party.

Governor Adams is being urged by an element in the Democratic party it is reported, to refuse to surrender his office to the Lieutenant governor and to hold possession by force. His brother, Frank Adams, is police commissioner of this city and could furnish a strong guard for the governor should the latter decide to hold on. Governor Adams has refused to make any statement as to his intentions, but it is generally believed that he will retire peacefully if the general assembly declares Governor Peabody elected, even if such action is taken only in pursuance of a plan by which the lieutenant governor is to be made governor. Mr. Peabody's resignation, his supporters admit, has been written and placed in the hand of a neutral party to be filed with the secretary of state when the joint assembly has given him vindication by affirming his title to the governorship. He decided on this course, his friends say, in order to bring harmony to his party.

NO SYMPATHY FOR STRIKERS.

August Belmont Will Hear None of Their Tales of Woe.

New York, March 17.—President August Belmont, of the Interborough company, who has returned from Palm beach to take personal command of the strike situation, announced yesterday that the strikers need expect no sympathy from him with stories of having been sold out by the men who led them.

The fact that Mr. Belmont is president of the Civic Federation, said his personal representative at the office makes no difference. Men who have stories of destitution to tell will be referred to the general offices of the company in the Park row building to make their application for work through the regular channel.

"Mr. Belmont will refuse to deal personally with strikers or any of the committees," said his secretary.

Charlotte Wants Cotton Exchange.

Charlotte, N. C., March 17.—In view of the position taken by the last legislature in regard to what is commonly known as bucket shops, a movement has been started by a number of well known cotton merchants of this city to organize a cotton exchange similar to those in large cities. The brokerage firms here claim that under the present law they are unable to do business and in order to secure the market reports and gossip concerning the markets the merchants believe that a cotton exchange is their only recourse.

ODD FELLOWS WILL BE HERE IN APRIL

Grand Lodge of This Noble Order Will Convene in Gainesville.

A BIG MEETING IS EXPECTED

Center Lodge and Members of the Rebekah Degree Are Anticipating Event With Pleasure, and Will Make Extensive Preparations to Entertain.

Center Lodge No. 11, as well as the Rebekah degree of the Independent Order of Odd Fellows in this city, are anticipating with a great deal of interest the assembling of the Grand Lodge of the order in Gainesville in April, and are making extensive preparations for the entertainment of the hundreds of visitors and delegates expected upon that occasion. It is the purpose of the members of the Rebekah degree to entertain their visiting sisters most loyally and fraternally—a manner which will demonstrate the friendship and fraternity of Odd Fellowship.

The Odd Fellows is one of Florida's oldest, strongest and most benevolent orders, and has accomplished more good probably than any other order in the State. In no section of the State can a person go, even into the remotest part, but what an Odd Fellows lodge may be found in the community, and the members of the order as a rule are men of steady manner and sterling worth from a standpoint of morality.

Grand Secretary A. M. Cushman has mailed to the various lodges throughout the State the following circular letter which will be of interest to every Odd Fellow who intends visiting the session of the Grand Lodge:

"The fifth annual session of the Grand Lodge of the Independent Order of Odd Fellows of the State of Florida will convene in the city of Gainesville, Florida, on Tuesday, the 18th day of April, 1905, at ten o'clock a. m.

"The railroads have made the usual round-trip rate of one and one-third fare, plus twenty-five cents, on the certificate plan.

"I herewith enclose a circular of instructions issued by the Southeastern Passenger Association, and urge upon every officer and representative to study it carefully so that all trouble will be avoided as in the past.

"Certificates must be signed by myself, and vised by J. A. Goodwin, City Ticket Office, A. C. L. R. R., as Special Agent.

"Tickets will be on sale four days before the meeting, Sunday not included.

"Trusting there will be a large attendance, I remain,

"Yours fraternally,

"A. M. CUSHMAN, Grand Secretary.

A Demented Woman.

Deputy Sheriff J. Lee Stokes of Micanopy arrived in the city Friday, having in custody Caroline Preston, a colored unfortunate who was adjudged insane.

Officer Stokes stated that the woman has been acting very strangely for the past few weeks, and her neighbors declared she was crazy. Being of a rather superstitious nature, the neighbors requested that she be brought to Gainesville and examined for lunacy.

The examining board comprised Dr. J. Harrison Hodges, Dr. E. Lartigue and D. A. Robertson. The report was as above stated. The unfortunate woman labors under the hallucination that some one is trying to poison her. During the day she begged pitifully to be returned to her home and children, the youngest of which is an infant of only a few months.

An attendant of the State Hospital for the Insane has been sent for, and upon his arrival the woman will be taken to Chattahoochee.

The Genuine Article.

The coming of St. Patrick's Day Friday was observed by a great many people of Gainesville by the wearing of the green, but when it came down to the real thing Rev. P. J. Lynch was distinguished for having the only genuine shamrock, imported direct from Ireland, in his buttonsire. The shamrock came from County Cavan, the original home of Father Lynch, and was sent by thoughtful relatives. The reverend gentleman good-naturedly remarked that the very sight of that native shamrock had a tendency to make him a bit homesick.

HER SINFUL LIFE.

She Neglected Ailments Which Seemed Trivial and Became a Bedridden Invalid---A Burden to Herself and Her Friends.

Marvelous Power of G. F. P.

Mrs. Mary Scott-Casten, whose work for women has made her name famous throughout America, says:

"The woman who neglects female troubles of any kind sins against God and Man. When I was younger I was a victim of prolapsus and ovarian troubles, and because I was ashamed to call a doctor let matters go from bad to worse until I was a bedridden invalid, a burden to myself and my friends.

"I then called a doctor and all in the world he did for me was to tell me to get a bottle of G F. P. (Gerstle's Female Panacea).

"It cured me. In an hour I felt new life and strength, and in a fortnight I was as well as I am today."

G F. P. (Gerstle's Female Panacea) is a strictly vegetable remedy of marvelous power for the cure of female disorders, such as leucorrhea, prolaplus (falling of the womb), ovarian difficulties, and painful, suppressed or irregular menstruation.

It is the only recognized remedy which is sold under an iron-clad money-back guarantee. Buy a bottle from the nearest druggist. Use it to the last drop, and if you can conscientiously say you have not been benefited, take the empty bottle to the man who sold G. F. P. to you, and he will return your money.

Esmerelda Was Good.

The Park Dramatic Company presented that excellent four-act comedy drama, "Esmerelda," to a good house last night, and those present thoroughly enjoyed the play, which was presented in a manner most creditable to the company. The company repeated by special request "The Fatal Wedding" at the matinee yesterday afternoon, and the large number of ladies and children appreciated the story as it was told.

"Peck's Bad Boy" in its entirety of four acts will be presented at the matinee this afternoon. This is one of the most successful comedies ever presented upon an American stage, and is particularly adapted to the young folks. Manager Park, with consideration, presents this play on Saturday afternoon, so that the school children may have an opportunity of witnessing it. The admission will be 15 cents for children, 25 cents for adults. No reserved seats.

This evening's performance will conclude the bill for the week. The four-act sensational opera, "Tracy, the Outlaw," will be presented. This is a story full of excitement, and is bound to interest.

A Prominent Party.

A prominent party of Atlantic Coast Line officials were in the city Friday on a tour of inspection of the company's property. The party comprised M. Riddle, general superintendent of the Second Division; E. Borden, general superintendent of transportation; J. N. Brand, superintendent of transportation, Second Division; T. L. LePage, secretary to Mr. Riddle. The party traveled in private car No. 301.

Hears Wife's Funeral by Telephone.

Pittsburg, March 17.—Lying on a cot in the Allegheny General hospital Benjamin P. Walsh, an Allegheny druggist, had a telephone receiver adjusted to his ears and listened to the funeral sermon preached over his dead wife at his home, two miles away. In the room filled with mourners a telephone transmitter had been arranged so the Rev. Thomas Park could address the sick man as well as the friends near the coffin.

LOTTERY TICKETS SEIZED.

Mobile Custom Officer Confiscates One Million Tickets.

Mobile, Ala., March 17.—Collector of Customs William F. Tebbets, of the Mobile district, has seized a million tickets of the Honduras National lottery company, and at the same time notified General W. L. Cabell and Messrs. W. Bellumet and James Ray, alleged officials of the company, to appear at his office.

The collector refused to discuss the matter, but it is known that the seizure is the result of correspondence which has been going on for some time between Washington and Mobile.

The tickets were on board the steamer Hiram that reached here this afternoon from Honduras, and the same vessel brought the alleged officials of the company.

The company has been operating in this city for years, and the tickets were to be had by any person who could pay the price. No secret was made of the existence of the company and the seizure has created a big sensation.

FORGED STOCK CERTIFICATES.

Came to Light at Home Office of Iron Company in Colorado.

Denver, March 17.—Forged stock certificates of the Colorado Fuel and Iron company have been unearthed by the presentation of a counterfeit certificate for 100 shares of stock, par value $10,000, at the Denver office of the company for transfer.

The certificate came from a lawyer at Davenport, Iowa. Appearing on the certificate as president of the company is the name of James A. Kobler. Mr. Kobler was never president of the company. There is also on the certificate the forged signature of Secretary D. C. Beaman. The counterfeit certificate has no likeness to the genuine certificates of the company. It is evident from the "ink offset" marks near the company's name on the counterfeit that other counterfeits were made at the same time, and a strict watch has been ordered to locate if possible, the counterfeiters and the makers.

French Cabinet Will Investigate.

Paris, March 17.—The French Cable company has received a dispatch from Manager Brun at Caracas saying that a judgment annulling the company's concession is expected March 20. He does not mention any seizure or cutting of cables which lead the company to hope that M. Brun's personal relations with President Castro may obviate summary measures. In the meantime the French cabinet council will examine the question at its session.

YOUNG WIFEHOOD

BOSTON, MASS., 152 Shawmut Ave., Oct. 25, 1902.

After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.

I am happy to give you this endorsement. Bertha Ricker

President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cures falling of the womb, leucorrhœa, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A $1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

SURRENDER OF THE FLAGS.

Civil War Trophies Await Orders of Southern Governors.

Washington, March 17.—General Ainsworth, the military secretary, has been charged by the secretary of war with the execution of the joint resolution of congress authorizing the return of civil war battle flags.

General Ainsworth will send a circular letter to the governors of all the states known to be interested in the flags now in the custody of the war department, informing them of the action of congress and asking their wishes with respect to the disposition of the flags borne by regiments of their respective states during the civil war.

There are about 544 of these flags and standards, about 100 being union banners which fell into the hands of the confederates during the war and were surrendered at the close of the war. All of these old flags are now stored in the flag room of the war department, and are said to be in a good state of preservation.

AN ADVERTISING THOUGHT.

If the advertiser, says The St. Albans Messenger, looks upon his advertisement in the newspaper in the same way he looks upon his display windows and dresses his advertisement as frequently and as artistically as he dresses his windows it will bring rich returns.

Where others give up is just the place to get your second wind.

He who can do his work a little better than the other fellow has the best market at his command.

The total amount of taxes paid by the operating railroads in the United States last year was $56,474,106.

Frank P. Sargent, commissioner general of immigration, predicts that the year ending June, 1905, will see the grandest influx of immigrants into the United States this country has yet seen.

It is not what a man is going to do that adds to his bank account, but what he accomplishes. If you would be rich you must not only earn but save; not only save but accumulate by wise investments.

The largest national bank note issued is for $1,000, and 24,000 of these are out-standing, and 93,500 five-hundred-dollar notes. There are nearly 200,000,000 tens and 150,000,000 twenties in circulation.

There are many conceited women and some conceited men, but statistics will show, if they show anything about the matter, that nine-tenths of the conceit of the world is monopolized by men under forty years of age.

Members of the California Senate are overwhelmed with shame over the proof that seven of their members sold their votes for $350 each. But whether the shame is over the sale or the bargain counter price is another thing.

S. Uchida, Japanese consul-general, was in Jacksonville Wednesday, on his return from a visit to the Japanese colony in Dade county. If the Japs can turn over the soil as lively as they can the Russians, they will make good farmers.

An Iowa woman has been granted a divorce because her husband found fault so fiercely over the peculiar brand of pancakes she placed before him. Now, that is getting down to something substantial as an excuse for cutting the matrimonial knot. A man must have some protection from the effects of sour and heavy flapjacks.

Professor Jacques Loeb, who is said to have produced by artificial means the sexual fertilization of the eggs of sea urchins, has long been known as a leader in the application of new chemistry to the science of life. At the close of the year 1902 he went to the University of California from the University of Chicago, where for ten years he had performed wonderful research work. Professor Loeb is an M. D. from the University of Strasburg, but studied in other foreign schools. As a physiologist he takes high rank. He was born in Germany April 7, 1859.

FIELD MARSHAL OYAMA.

Undefeated since he took the field, Marshal Marquis Oyama has proven himself the bulldog of the East by his persistent pugnacity, and his ability to instill into troops a most sublime degree of confidence, leaves no doubt as to the outcome, placing him alongside of the great commanders-in-chief of history.

In every undertaking since the outbreak of the Russo-Japanese war he has proved himself master of the situation. The punishment inflicted upon the Czar's troops at Yentai, Liao Yang and Mukden, three of the bloodiest engagements in the history of warfare, speaks volumes for the prowess of the Mikado's commander-in-chief. Given less patriotic troops, surrounded by a staff inferior to the men who have rendered such valiant service, there might have been a different story to chronicle, but it is inconceivable that there could have been any change in the ultimate results with such a presiding genius at the head of an army.

The Russians have demonstrated their fighting ability in no uncertain manner; to question their individual bravery would be unjustified. But there has been lacking in their campaign that initiative which has marked the course of the Japanese from the outset. Given a leader like Oyama, they might have given a better account of themselves. What the doughty field marshal's future may hold in store is problematic, but whatever the final outcome, Marshal Oyama has established a record which will go down through history, and which today makes him the most important figure the military world knows.

BROWARD CLAIM UPHELD.

By his decision in the ejectment suit of Judge J. W. Malone vs T. J. Youmans, at Arcadia Tuesday, says The Tampa Tribune, Judge J. B. Wall upheld the contention of Governor N. B. Broward, made in his campaign speeches and announced as one of the policies of his administration as Governor, that the legislative land-grants to the railroads do not hold good as against land-grants made by the trustees of the State's internal improvement fund.

The case has been in circuit court for DeSoto county for two days. Yesterday Judge Wall instructed the jury to render a verdict in favor of the plaintiff. The case will be appealed to the Supreme Court and thus a test case will be made before the highest court on the claims of Governor Broward that the grants of lands to the railroads made by the Legislature are invalid and that the State is entitled to recover the large tracts of land thus conveyed to the corporations.

Judge Malone claimed title to a piece of land under a grant from the trustees of the internal improvement fund, while Youmans claimed the title under a railroad land grant.

There are now 789 public school savings banks in the United States, in 106 cities and 25 States. The number of depositors on the 1st of January was 90,961. During the year 1904 there was deposited $1,867,930 25, which was an average of $15 04 per depositor.

The Chautauqua is one of the best features to advertise Gainesville that was ever inaugurated in the city, and judging from the activity displayed by our citizens in arranging for next year's assembly, the majority of our people are of the same opinion.

Governor James B. Frazier of Tennessee has been nominated by the Democrats to succeed Senator Bate, deceased. Governor Frazier is popular in his State, and has served two months on his second term as governor.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. SOLDIERS' HOME.

A soldiers' home in Florida would be a wise move on the part of the general government, and would afford a place for the disabled soldiers and sailors that would be appreciated by many more than any one of the various homes in the United States.

The congenial climate of the State eminently fits it for such an institution and there are many old soldiers who prefer to spend their last days in the Sunny South, the home of their younger days, and where they have friends and relatives they could visit occasionally without making a long journey from the more Northern homes now established.

There are hundreds of old soldiers in Florida, and in a few years they will be in need of a place to live. With the hearty co-operation of the Florida delegation in Congress, there will be no serious obstacles to overcome in securing the desired end.

Here's something worth knowing. According to a decision recently made by a Chicago justice, if you hang up your own coat or hat in a restaurant and it is taken you cannot recover its value from the restaurant people. But if you allow the waiter or attendant to hang it up you are safe whatever happens. This is Chicago law, so the next time you lunch in a Chicago restaurant be governed accordingly.

Take Care Of Your Heart.

It is the engine that forces the blood to every part of the body; this blood conveys the nourishment that makes flesh, bone and muscle; it also carries off the worn-out particles.

If the heart flutters or palpitates, it is weak, and is working imperfectly, so that the body does not get this nourishment; it also fails to throw off the impurities, and they remain to poison the system.

If it is irregular, skips beats, or is painful, the heart is probably "leaky" and the circulation poor. These conditions are dangerous. You can make your heart well, and keep it so, with Dr. Miles' Heart Cure, which is a heart medicine and tonic that strengthens the heart nerves and muscles.

"I have been a sufferer for years from nervousness and weak heart, and I have tried all the doctors in the community. They all told me that I had heart trouble, but they failed to help me. My druggist prevailed upon me to try Dr. Miles' Heart Cure, and Restorative Nervine, saying that if the first bottle did not benefit me he would return the money. Every dose helped me from the time I began taking it, and after awhile my trouble was gone entirely."

MR. DOIG'S INVENTION.

Manufactured a Bean Huller Which Worked Perfectly.

As an inventor James Doig is a success. He has a most ingenious turn of mind which may some day prove of great profit to him.

It will be remembered that several years ago Mr. Doig conceived the idea of improvement on the English Sea Island cotton gin. He put his idea into execution, with the result that the Doig gin was found to be far surperior to anything of the kind previously manufactured, and the firm of H. F. Dutton & Co. established a factory for their manufacture. There is today a great many Doig gins throughout the country, the majority of the large ginning plants using them.

Mr. Doig's latest invention is a velvet bean huller, which idea was his own. This huller was manufactured at the gin plant for Spring Park Farm. From the moment the power was turned on the machine worked beautifully, successfully hulling and cleaning forty-five bushels per hour.

"The invention is a new one," remarked Mr. Doig. "While this machine works nicely I see some room for improvement, and naturally as we become more familiar with the machine and its manufacture we will remedy these imperfections."

Manager Callison of the farm is well pleased with the machine.

Park in Valdosta.

The Park tent theatrical aggregation, which is just closing a week's engagement here, have become quite popular personally and their departure will be regretted by many who have had the pleasure of their personal acquaintance. The Parks are all not only clever performers, but good, wholesouled people, generous almost to a fault. Mr. Park assured the reporter Friday that he was well pleased in Gainesville, and proposed to visit the city again in September with a first-class list of attractions, a brand new tent and stage scenery, when he promises something extra good.

Valdosta, Ga., is another city where the Park company made themselves general favorites. On a recent return engagement in that place the big tent, which has a seating capacity of 900, was inadequate to hold the crowds, and so great on one occasion was the jam that it became necessary to place an officer at the entrance to keep the people back. This was indeed a compliment to Mr. Park, but a deserving one.

OFF TO THE MINES.

Neil Guyton, for Murder of Kate Martin, Goes Up for Life.

Because on the impulse of an evil moment Neil Guyton, colored, murdered Katie Martin at her home near Newberry in December of last year, he has sacrificed his liberty for the remainder of his natural life, and was Friday taken to the mines at Holder by recruiting Officer T. E. Bridges of Ocala.

Guyton was arraigned at the last session of the circuit court upon the charge of murder and pleaded guilty, asking the mercy of the court, which was shown him, the court having sentenced him to imprisonment at hard labor for life.

Guyton was gazed upon by a curious crowd, as he stood with his iron bracelets at the station waiting for the train. He seemed to be little concerned, however, and laughed and talked with those of his friends about him.

Southern Manufacturers Meet.

Nashville, Tenn., March 17.—The association of Spoke and Hub manufacturers of the south met here today Peter Lesh, of Memphis, is president E. O. Buchanan, of Gallatin, Tenn., secretary, and W. E. Small, of Corinth treasurer. The object of the meeting is to combine all spoke manufacturers of finished and club head spokes in the south and southwest, establish a system of uniform grade and prices and form a union in a body with their northern brothers. The intention is also to engage a secretary and inspector who will visit the spoke factories and keep the product of the factories in line.

Town Isolated by Landslides.

Santa Barbara, Cal., March 17.—The landslides have again isolated Santa Barbara from railroad communication with the outside world. One is at Goleta, about 6 miles to the north and the other is 12 miles south, the latter being the most serious. The rainstorm continues with a strong wind from the southeast and apprehension is felt for the ocean boulevard. The rain record for the storm is about 4½ inches up to tonight.

The Best Cough Syrup.

S. L. Apple, Ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, $1. Sold by W. M. Johnson.

Negro Hanged in Mississippi.

Jackson, Miss., March 17.—Governor Vardaman, having refused to grant a respite or commutation to the condemned man, Simon Simmons, a negro whose death sentence was recently affirmed by the supreme court, was hanged in the jail yard at Clarksdale. The trap was sprung by Sheriff M. J. Bouldin, of Coahoma county. The crime for which Simmons was executed was the murder of another negro.

Tennessee Bank Robbed.

Nashville, Tenn., March 17.—A dispatch from Petersburg, Tenn., says that the Bank of Petersburg, a state institution, was entered by burglars at an early hour this morning and about $7,000 stolen. The steel vault was blown open with nitro-glycerine and completely wrecked. The strong box in the safe was emptied by the burglars, who made their escape. There is no clew as to who committed the burglary.

YOUR AMBITION.

Keep It Stimulated and Do Not Permit It to Wane.

The idea seems to be pretty general that ambition is born in us, that we have little or nothing to do with its acquisition or cultivation and that we cannot modify, enlarge, stimulate or improve it to any great extent. A study of life does not confirm this idea. That the ambition is a cultivable quality, capable of being molded or destroyed according as we will, is demonstrated every day in the lives of those about us. We see people in whom the spark of ambition is kindled suddenly by the reading of a book, the hearing of a lecture or the speaking of a kindly word by a friend or teacher, and, on the other hand, we see those who allow their ambition slowly to die out for want of fuel.

The death of ambition is one of the tragedies of life. When a young man feels his ambition begin to fade there is trouble somewhere. Either he is in the wrong environment and his faculties protest against what he is trying to do, or his health is poor, or he is being led into dissipation by bad companions. A youth whose ambition begins to wane is not in a normal condition. When he is not stimulated by a noble purpose and filled with a desire to become a strong man among men there is something wrong somewhere.—Success.

Not Encouraging.

"Good evening," said Borem when she came down to him. "I really must apologize for coming so late, but the cars"—

"Oh," she interrupted coldly, "I don't mind late comers. It's the late stayers that bother me."—Philadelphia Ledger.

Your Lap.

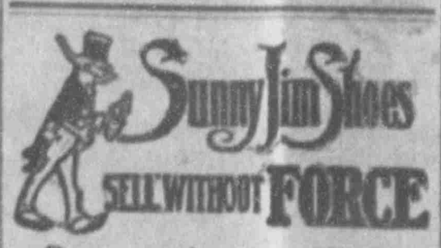
Children are notoriously eager to acquire facts. The following question was asked by a lad of seven after he had ridden upon his uncle's knee: "Say, Uncle Will, what becomes of your lap when you stand up?"—Youth's Companion.

His Offense.

Magistrate—Ah, they have caught you drunk again, eh? Hobo—No, yer honor; impersonatin' an officer dis time. I guess dey caught me asleep in a doorway.—Philadelphia Press.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and billousness." 25c at druggists.



Because they are the best in the land for the money! Ask you dealer for the "Sunny Jim" Shoe and insist on getting it.

SOCIAL LIFE AT ARCHER.

Dr. and Mrs. DePass Entertain in Honor of Visitors—Other Notes.

Archer, March 17.—Dr. Howard Smith and family of Cordele, Ga., are spending a short time in Archer, visiting friends. They expect to visit Cedar Key before returning home.

Miss Dora Smith, sister of the Doctor, is visiting the family of Dr. DePass.

M. C. McIntosh, formerly a school teacher in Archer, and his brother, who is also a teacher, were calling on friends Tuesday. M. C. McIntosh is assistant to State Superintendent Holloway.

Mr. and Mrs. Lint Osborn have left for a short visit to points in Cuba.

Misses Nellie and Suzaine Treszevant of Memphis, Tenn., are visiting their sister, Mrs. DePass.

Dr. DePass has been quite ill with grippe for the past week, but was in his office today, feeling much better.

C. W. Bauknight has been confined to his bed for a week with the grippe, but is getting better.

Mrs. E. M. Osborn of Dunnellon has a very sick child here with meningetis. She brought the child here to be treated by Dr. DePass. Mrs. Osborn is stopping at E. Thomas' house.

Mrs. A. D. Chamblin will leave today for Bainbridge, Ga., to visit her daughter.

One of the most enjoyable events of the season was the card party given by Dr. and Mrs. DePass on Friday evening last in honor of the latter's sisters, Misses Nell and Suzaine Treszevant of Memphis, Tenn., and Miss Dora Smith of Atlanta, Ga. It was a spring-time affair and the house was decorated with great bowers of dogwood, wild plum and yellow jessamine, making extremely pretty and picturesque an effective "tout ensemble." Dr. and Mrs. DePass were assisted in receiving by the honorees.

Mrs. DePass wore a gown of dainty pink silk, inset with white lace; Miss Nell Treszevant's gown was a white corded silk, hand embroidered; Miss Suzane Treszevant wore white tucked silk, with medalions of deep cream lace; Miss Smith's gown was a rich shade of changeable taffeta.

Miss Clipton Irwin was the fortunate winner of the ladies' first prize, and the consolation fell to Miss Pauline Curl. The gentleman's first prize was awarded to L. M. Osborn, and the consolation to Mr. McEachin. The score cards were clever and original pen and ink sketches done by Miss Nell Treszevant.

Fudge and salted peanuts were passed around during the evening by litte Misses Louise and Marie DePass, and after the game was concluded refreshments in the form of ices and cakes were served. Dancing wound up the evening's entertainment.

Miss Bettie Miller, Miss Bessie King and J. W. Blanding of Gainesville were guests of Dr. and Mrs. DePass during the evening.

Mrs. Hancock spent a few days in Cedar Key last week, visiting her daughter, Mrs. Fred Cubberly.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

Mad Man Runs Amuck.

Omaha, Neb., March 17.—For over an hour today a mad man ran amuck in the new street car barn at Twenty fourth and Vinton streets, defying all efforts to catch him, and all but causing his own death by seizing a live wire. He eluded the attempts of the officers to catch him and boarding a car which stood on a siding, started toward the main line. He was turned back, and leaving the car, ran wildly in search of some imaginary object finally climbing to the top of a car he grasped a live wire overhead. He received a severe shock and the officers captured him. The man gave his name of Edward Vallet, of Vincinnes Ind.

BAKING POWDER

OVERCOMING OBSTACLES.

The Joy One Feels in Becoming Master of the Situation.

There is something in the very consciousness that we are master of the situation that confronts us, especially if it is difficult, that is a wonderful tonic. The sense of mastery, of victory in what we undertake, is a perpetual uplift to life. It is a powerful tonic to ambition, a perpetual stimulus to endeavor.

A man feels larger every time he surmounts an obstacle which perhaps seemed insurmountable. There is a sense of added power in every victory, a feeling of enlargement at the very thought of overcoming.

A feeling of exultation thrills through the whole system when we have conquered, when we have proved ourselves masters of the situation. There is an exhilaration which accompanies the sense of victory that makes us long to undertake even harder things.

Achievement is not only a mental but also a physical tonic. Thousands of semi-invalids and people who have been ailing for years have suddenly blossomed into health and vigor after some great success or good fortune has come to them which has changed an iron to a velvet environment. The feeling that the wolf has been banished forever from the door by some great effort of ours is a wonderful stimulant to the physical being.

After a man has struggled years and years perhaps on some invention and has been balancing 'twixt hope and despair, suffering defeats and discouragements, barely able to keep his family from starving while he has been struggling to supply the missing link in his device, when the consciousness first dawns upon him that he has found the secret, that he has solved the mystery, and that henceforth all that has troubled and perplexed him is destined to be wiped away, that in place of the detraction, scorn and contempt which have been poured upon him as a crank there will be admiration, praise and fame, the change wrought both in the physical and the mental man is almost miraculous. The rebound makes a complete revolution in his life. Hope takes the place of despair, confidence of doubt, assurance of uncertainty.—Success.

Unexpected Criticisms.

The late Valentine Prinsep, the English artist, once related how he amused himself at a certain exhibition of paintings by unobtrusively following about a country couple who had somehow strayed in and by listening to the comments they made.

Upon reaching a picture by Burne-Jones representing a woman—tall, slender and sinuous—of the type which the artist usually portrayed the rosy lass from the farm halted her escort with a pinch on the arm. She pointed to the picture with the tip of a shabby green parasol.

"Looky there, Jarge, will 'e," said she. "'Twas too bad to take her pic'ter that a-way, poor woman! He mun ha' been hard hearted, that painter chap, not to feel her up a bit before he took her. She'm starved, poor thing! She'm fair twisted up with hunger!"

In front of another picture her criticism, although more favorable, was equally startling. The pair had a catalogue, and "Jarge" had slowly spelled out the title, pronouncing ph a p. "A Nymph."

"An imp!" she repeated. "Well, I be surprised! I allays thought an imp was a little black chap with horns—and here he be a lady with fair hair and a pink gownd. I be surprised! 'Tis like the missionaries must ha' been down an' changed things."—Youth's Companion.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SHE WAS MISTAKEN.

The Story of a Woman Who Thought She Told the Truth.

"If you ask me whether we lawyers ever encourage, aid and abet untruthfulness," said an elderly attorney at a dinner recently, "I can only ask as a reply: 'Does any one know what truth is? Does any man really know when he is telling it?' I had a rather curious case once a few years ago. I won't say whether it was a murder or a divorce, but the clearing of my client, the defendant, depended entirely on his ability to prove that when he walked down a certain corridor of a certain summer hotel he was accompanied by two persons. It happened that he was seen by the housekeeper of the hotel, a woman of more than ordinary intelligence, and she insisted that there were three in the party and not simply two, as the prosecution claimed. It was impossible to shake her testimony, and we carried the day. The housekeeper died a year or so later. I heard it through her priest. He commented on the fact that she had always taken great satisfaction in the thought that her testimony cleared my client. She was, he said, and he spoke from a confessor's knowledge, one of the most truthful persons he had ever met. I told my client what the priest said the next time we met. He smiled.

"'She was lying all the while,' he said. 'She didn't see three of us, because there were only two.'"—Washington Post.

CHINESE TRADE GUILDS.

They Pass on All Disputed Questions of Labor and Food.

The laborers in China work long hours, and their meals are supplied by the employer. Their food consists of rice, partaken of twice a day, with now and then a few vegetables or pieces of salt fish or pork as a relish. Tea is also furnished to them in unlimited quantities. They begin work as soon as daylight appears and continue until between 8 and 9 o'clock at night, the recent introduction of kerosene oil lengthening their hours of labor. The workman eats and sleeps in the shop where he is employed.

Not only do the male workers have a trades union or guild of their own, but so also have the employers. To these guilds are referred all disputed questions of labor and food, which, as a rule, are amicably settled. The operatives seem to take it for granted that their employers can properly claim every moment of their time from early morning until night unless about thirty minutes set apart for each meal of rice and vegetables be excepted. When the two guilds fail to arrive at a satisfactory settlement of a dispute the employers simply close up the shops.

Canton boasts of over seventy trades guilds. These guilds have fine halls and spacious courtyards, where their members meet daily and discuss the affairs of their respective trades and other matters.

Cured Consumption.

Mrs. E. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1 Sold by W. M. Jensen.

Why Is It?

Everybody knows how the wheels of a railroad car are fastened to the axle. They are shrunk on—that is, put on hot and allowed to shrink in cooling so that they are practically a solid piece with the axle. These cars go around curves, and it will be observed that the outer rail covers a great deal more ground than the inner one, so that to turn the curves and finish even the outside wheel must of necessity travel considerably faster than the inner one. Yet it is fixed solidly to the axle and cannot make a fraction of a revolution more than the other one, yet the axle remains intact, and the curves are passed with untiring regularity. Why is it?

Secret of Longevity.

A London newspaper has been asking a number of very old men for the secret of their long life. The replies are of the sort commonly heard. One lives long because he has taken wine every day in moderation, another because he has never tasted wine. One finds sovereign virtue in moderate physical exercise; another is convinced that he lives long because he keeps his body quiet and his mind active, all of which means that each man has followed his natural inclination, never exceeded the measure fixed by good sense and really thought little or nothing about it.—St. Louis Post-Dispatch.

Mind Accomplishments.

Power to do is largely a result of self faith or self confidence. No matter what you undertake, you will not do it until you think you can. You will not master it until you first feel the mastery and do the deed in your mind. It must first be thought out or it can never be wrought out. It must be a mind accomplishment before it can be a material one.—Success.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.
